Professional Summary

Dedicated and results-driven **IT Talent Acquisition Specialist** with a unique blend of formal technical education (MCA) and hands-on recruitment experience. Proven expertise in managing the **end-to-end recruitment lifecycle** for complex technology roles across software engineering, cloud, DevOps, and emerging domains. Highly proficient in advanced sourcing methodologies including **Boolean and X-Ray searching** on LinkedIn Recruiter, Naukri, GitHub, and Stack Overflow. Adept at partnering with cross-functional stakeholders, conducting initial technical screenings, negotiating compensations, and delivering an outstanding candidate experience.

Core Competencies & Skills

- Technical Sourcing:** Boolean Search, X-Ray Search, LinkedIn Recruiter, Naukri, GitHub, Stack Overflow, Referrals.
- IT Domains Recruited:** Java, .NET, Full Stack, DevOps, QA, Cloud Platforms, AI/ML, Mobile & Web Technologies.
- Recruitment Lifecycle:** End-to-End Sourcing, Technical Screening, Stakeholder Management, Salary Negotiation, Candidate Closing.
- Systems & Tools:** Applicant Tracking Systems (ATS), HRMS, MS Office Suite, Gen AI tools in HR.

Professional Experience

Tata Consultancy Services (TCS)
Talent Acquisition Specialist

Nagpur, Maharashtra, India (Hybrid)
Jan 2022 – Aug 2023 (1 yr 8 mos)

- Managed the end-to-end technical recruitment lifecycle for junior, mid-level, and senior IT positions across engineering units.
- Formulated tailored candidate sourcing strategies utilizing LinkedIn Recruiter, Naukri, custom Boolean operators, and developer platforms to hire in-demand tech talent (Java, .NET, DevOps, Cloud).
- Conducted exhaustive preliminary technical screenings, evaluating candidate stability, technical competencies, and communication skills.
- Partnered closely with Technical Interview Panels and Hiring Managers to streamline evaluations and adjust sourcing strategies.
- Coordinated multi-round interviews, managed candidate pipelines in the ATS, and tracked key recruitment KPIs.
- Spearheaded offer negotiations, compensation restructuring, reference checks, and organized pre-joining formalities.

APS Microtech Private Limited
Internship Trainee

Nagpur, Maharashtra, India
Nov 2020 – May 2021 (7 mos)

- Assisted the human resources team with preliminary candidate sourcing, database parsing, and portal tracking.
- Supported recruiters in updating job descriptions and coordinating interview calendars.
- Applied foundational Boolean search strings for candidate filtering.

Education

Master of Computer Applications (MCA)
VMV Commerce JMT Arts JJP Science College

Nagpur, Maharashtra, India
2019 – 2021

- Formal training in software principles and architectures, enabling high-quality technical screening of engineering candidates.

Bachelor of Computer Applications (BCA)
Revnath Choure College

Nagpur, Maharashtra, India
2016 – 2019

- Completed comprehensive coursework in computer systems, algorithms, and application development (Grade: 75%).

Technical Advantage Statement

Unlike traditional recruiters, my academic background in **BCA and MCA** allows me to confidently interpret complex technical stacks directly from hiring managers. I understand backend frameworks, DevOps pipelines, and cloud ecosystems, allowing me to speak the candidates' language, accurately screen profiles, and significantly reduce time-to-hire.
